

2021 OPINION SURVEY RESULTS ARE IN!

The Whitewater – Rice Lakes Management District and the Greater Whitewater Lakes Property Owners Association (GWLPOA) have jointly sponsored a survey of property owners in the District. The survey was conducted by the University of Wisconsin- Whitewater.

665 households were included in the research. The response rate was 56%; a good sign of an engaged community.

The full results in the PDF link at bottom show property owners are pleased with the Lakes. They have identified areas needing continued attention, as well as new emerging issues and initiatives. The Sponsors will now begin the process of prioritizing results and incorporating them into yearly plans and budgets.

Many of you have indicated a willingness to assist in the implementation of your thoughts and suggestions. Places where help is needed and where you can make a difference can be found on:
